OLD SCOTTISH CEMETERY — A few visitors still go to the old Scottish Cemetery, near Mt. Carmel Church. The tombstone in the foreground (one of the oldest there) bears this inscription: "The sacred memory of John Pattison Was born the 14 day of September 1777 and Died the 11 day of June 1842."—(Photo by Glenn M. Sides).

Old Scotch Graveyard

Tradition states that the old Scotch graveyard was selected and laid out by Captain John Martin, the Tory leader of the Sco. He buried his wife at this place and selected the spot for his grave. But after the Revolutionary War he went to Nova Scotia, and there he died and was buried many miles from the spot he had chosen to be buried.

This graveyard (approximately three acres) was set aside by John Martin being part of the 100 acres Martin purchased from Tho McClendon, January 12, 1775.

The early Scots brought their dead from far down the Cape Fe and even from Robeson County, Richmond County and Anson County for burial.

This cemetery is located in a grove of oaks South of county Highw #1261 approximately 3/4 of a mile from the junction of Highway #1. This property was known as the Peter Bethume Place and, more rece the Old Barrett Place.

The preceding Census listings of the Old Scotch Graveyard interments were in the files of the Moore County Historical Association; however, we have no way of knowing the accuracy of the data, nor do we know when the lists were produced. There were no dates or hints on the papers, but we guessed they may be some 40 to 50 years old. Hopefully, we will learn more about these listings.
